

Be an active partner in the manufacturing community.
Join the APMM!
Exhibit at our conferences!

As the model making industry continues to evolve toward new technologies, virtual modeling and rapid prototyping, we also preserve and honor traditional methods.

We provide suppliers and manufacturers to the model making industry the opportunity to interact with our members who are professionals, educators, and students in the model making field.

With membership rates at just \$150/year, our valued vendor members can get involved and reach their target market in the model making industry.

Vendor members receive a descriptive listing page in our Vendors and Suppliers directory with links to their company's website, videos or other media. We also offer display ads in our E-Newsletter and banner advertising on our website.

For more information, call the APMM headquarters at 315-750-0803 or email vendors@modelmakers.org.

Show us how YOUR product can provide the resources that model makers need!

We create solutions!

APMM Members include major corporations like Disney, Nike, Steelcase, Ryobi, Hasbro, Bose, Garmin, Whirlpool, Herman Miller, Google and Honda.

We also represent small businesses, freelancers, museums, universities and governmental entities.

Benefits of Membership

For Our Vendor Partners

www.modelmakers.org

The Association of Professional Model Makers (APMM) is the only organization exclusively serving professionals and suppliers in the model making industry.

The APMM unites and represents **nearly 700 professional model makers**, students, schools, corporations, design firms, and freelancers.

The diverse industries the APMM serves include:

architecture, appearance models, automotive design, consumer products, displays and dioramas, film and special effects, industrial design, working prototypes, scale models and toy sculpting.

We meet every other year at conferences designed for **active product demonstrations, face-to-face connections and interactive learning** in locations across the US. Next time, we may be in your region!

The APMM brings together the **best suppliers of materials, equipment and software** in the industry to interact and share ideas with the **brightest and most experienced** professionals, students, and educators. Contact us if you have questions or want more information about becoming a part of this dynamic professional organization.

“Imagination plus innovation equals realization.”

Denis Waitley

VENDOR MEMBERS RECEIVE:
